GOLDIE'S SECRET

A Story About
**CHILD
ABUSE**

2nd, 3rd, & 4th grades
22 min. running time

Synopsis - GOLDIE'S SECRET is a fairytale story about Goldie who comes to live with her mother and stepfather when her real father was killed in a logging accident.

Papa Bear (stepfather) talked Goldie into a sexual relationship and he physically abused Baby Bear too!

Goldie felt she could not tell her mother because Papa Bear threatened her. Goldie finally told her mother who did not believe her - until Baby verified what was happening.

Mama Bear then confronted Papa Bear who wanted to keep it a family secret. Mama said, "no!" And said Papa needs help. She called the Child Abuse Hotline.

The story is tastefully produced and ends on the upbeat with Papa Bear agreeing to go for help and the family deciding to go on a picnic together.

The story is told by Professor Good-Buddy™, a loveable life-sized puppet who is retired and has dedicated the rest of his life toward helping people.

This video program is designed to get abused children to respond by circling a face that best describes how each child feels - after the video. Response cards and coloring books are included.

Instructions for showing this video are detailed in the Teacher's Guide - including just what the teacher may want to say and how to handle those who respond.

CHILD ABUSE PRIMARY PREVENTION PROGRAM

Thank you for your interest in sponsoring the video tape "GOLDIES SECRET". This video tape is effective in teaching children to recognize abuse and to know what to do should it happen, as well how to avoid it.

The "GOLDIES SECRET" video tape and follow up materials are currently being used in the San Diego City Schools.

Thousands of second, third and fourth graders have been through the program, at least 10% have responded asking for help.

The presentation has been received in a positive way by administrators and teachers for the past six years. I feel the cycle of child abuse can be broken if information is made available to the students.

It is with first hand experience that I highly recommend this program to educate children in child abuse prevention.

Sincerely,

Ronald P. Awe

Coordinator; Child Abuse Prevention Program
San Diego City Schools.
